## Copyright Notice

All journals under SCISCAN PUBLISHING are open access. This means that all articles are immediately available for free upon publication. Articles in our publishing house's journals can be downloaded, shared, and reused without restriction at no cost, provided that proper citation is given to the original work.

This publisher upholds an open-access philosophy that prioritizes reader rights. Operating under Creative Commons licensing, we offer two primary options: the Attribution license (CC BY ) which permits unrestricted reuse with proper credit, and the Attribution-NonCommercial license (CC BY-NC ) for authors requiring additional protections. Our licensing framework meets rigorous international standards, including OASPA's reuse policies and DOAJ's open access requirements. Every SCISCAN PUBLISHING article prominently displays its specific CC BY or CC BY-NC license terms, clarifying all reuse permissions. Importantly, we only request a non-exclusive license from authors, meaning they maintain complete copyright control while enabling broad dissemination of their work without unnecessary restrictions.
